ETHEL CLAYTON'S

BEAUTIFUL COMPLEXION

That splendid actress now appearing under the Paramount banner is famous for her beautiful complexion. She attributes her wonderful skin to the use of a simple toilet article called Derwillo. There is nothing like it for tan, freckles, shiny nose, sallowness, dark, rough skin. It takes the place of face powder, stays on better, as perspiration does not affect it, and it instantly beautifies the complexion. One application proves it. If you want a fine, clear, white skin with rosy cheeks, get a bottle of Derwillo today; you will be delighted. Look out for substitutes. Derwillo is sold at all up-to-date toilet counters. Be sure to read large announcement of Miss Clayton's soon to appear in this paper. It tells how to instantly have a beautiful complexion and a soft, white, velvety skin every one "just loves to touch."

NEGRO COUNTERFEITER
RELEASED ON BOND

Emmett Massey, a negro, formerly postmaster of Proctor, Ark., who was arrested on Aug. 24, charged with having altered \$1 bills by raising them to \$10 bills and passing them on various merchants of Memphis, was released Monday afternoon on bond to appear at the November term of federal court.

At preliminary hearing Massey's bond was fixed at \$2,000 and he was remanded to jail in default of the bond. On Monday arrangements were completed for the bond, and he was released. The bond was signed by Lem Payne, Wyatt Turner and Mollie Massey. Both Payne and Turner qualified as bondsmen in the Western district of Tennessee.

Massey's arrest was largely due to the presence of mind of Mrs. Betty D. Burchsted, employed at the Grand Central station. Massey attempted to pass one of the raised bills in payment for a ticket. Mrs. Burchsted seeing the bill had been tampered with gave the alarm. The negro fled and was chased for several blocks. In his flight he left a handbag containing his name and address. This information was turned over to federal authorities and Massey's arrest followed.

LYKO MEDICINE COMPANY
New York Kansas City, Mo.DEMAND FOR SUGAR
PROVES ONLY FAIRLines of Purchasers Not So
Long as for Meat and
Canned Goods.

Three carloads of granulated sugar, part of the war department surplus stock, was placed on sale Tuesday morning by the Dry-Block Mercantile company, as distributors for the city of Memphis.

The limit per person was 100 pounds and it was sold in 25 and 50-pound sacks, the price being \$2.25 and \$4.75 respectively, or 9.4 cents per pound, against an average of 10.7 at usual retail stores. The total shipment of sugar to Memphis aggregates 244,000 pounds. It was shipped in barrels and has been packed in the sacks in two sizes, the purpose of repacking the sugar being to secure as wide distribution as possible, thereby carrying out the aims of the government.

The entire shipment was not placed on sale Tuesday; the storage facilities at 44 North Front street not permitting the handling of the entire shipment at one time. Further sales will be announced later.

The number of people availing themselves of the opportunity of securing the sugar was not as large as those who have applied for the other commodities that have been disposed of in the past. The demand was strong throughout the morning but no long lines of waiting patrons were in evidence, the average number in line being maintained at about 25 people, many of whom bought the limit—100 pounds.

EAT LESS AND TAKE
BIRDO-PHOSPHATE
TO PUT ON FLESH

A PHYSICIAN'S ADVICE.

Frederick S. Kelle, M. D., Editor of New York Physicians' "Who's Who," says that weak, nervous people who want increased weight, strength and nerve-force, should take a 5-grain tablet of Birdo-Phosphate just before or during each meal.

This particular phosphate is the discovery of a famous French scientist, and reports of remarkable results from its use have recently appeared in many medical journals.

If you do not feel well; if you tire easily; do not sleep well; or are too thin; go to any good druggist and get enough Birdo-Phosphate for a two weeks' supply—it costs only fifty cents a week.

Eat less; chew your food thoroughly, and if at the end of a few weeks you do not feel stronger and better than you have for months if your nerves are not steadier; if you do not sleep better and have more vim, endurance and vitality, your money will be returned, and the Birdo-Phosphate will cost you nothing.

DEEN CONTROVERSY
STIRS BOARD; CALL
FOR SPECIAL MEET

Patrons Demand Reinstatement of Principal Who
Went to France—Pupils Go
on Strike at School.

A special meeting of the board of education will decide on Thursday night whether or not Prof. W. G. Deen will be re-elected as principal of the A. B. Hill school.

A petition signed by 870 patrons of the schools and another petition bearing the signatures of 175 parents who have children in the Hill school were presented to the board Monday night by Clifford Davis, representing patrons of the school. Both petitions requested the reinstatement of Prof. Deen. A delegation of approximately 100 men and women was present when the petitions were presented and the request made for Prof. Deen's reinstatement.

Mrs. Walter Gray, a member of the board, offered a motion to re-elect Prof. Deen as principal of the Hill school and to elect Mrs. Frances Landis as a supervisor. W. C. Edmondson, another member of the board, offered an amendment to the motion to refer the matter to the teachers and textbooks committee. After some discussion the matter was passed to a special meeting of the board to be held Thursday night.

Three Members Consented.

Friends of Prof. Deen claim that prior to his departure for France last year to engage in Y. M. C. A. work he sought and obtained the oral consent of three members of the board and that the urgency of his call was such that he was unable to appear before the whole board in formal session and obtain their consent to his departure. During his absence last year Mrs. Landis was acting principal of the Hill school and for this year was elected as principal. Upon his return to Memphis Prof. Deen was advised that there was no vacancy.

The meeting of the board Monday night was enlivened by the statement of Prof. Wharton S. Jones, superintendent of the city schools, in which he declared that patrons of the school had held a mass meeting last week during the course of which Clifford Davis, an attorney, also president of the Central High School Alumni association, had advised the children of the school not to register for entrance in the Hill school and that if any of them were hated before the juvenile court he would secure their release.

During the discussion Anthony Walsh, member of the board, declared that he was ready to vote on the matter then. One of the women delegates from the Hill school, who was apparently greatly interested in seeing Prof. Deen reinstated, told the board that she understood "Mr. Walsh got the streets in North Memphis paved for nothing when Crump got in but we had to pay for it." This remark was occasioned by Mr. Walsh's very apparent attitude against the reinstatement of Prof. Deen.

Looks Bad for Deen.

As the matter now stands no action will be taken until Thursday and indications are that Prof. Deen will not be re-elected, as Hardwig Perez, president of the board, and Mrs. Gray were his only defenders on the board Monday night, while Mrs. Isaac Reese, Mr. Walsh and Mr. Edmondson were apparently opposed to such action.

In commenting on the presentation of the petition at Monday night's meeting of Clifford Davis at the meeting with his statements and attitude at the mass meeting held last Saturday night at the Hill school campus, Prof. Jones pointed out that Mr. Davis was extremely affable and courteous in his address to the board but declared that Mr. Davis had abused members of the board and himself.

Official figures indicate that only 57 children registered on Monday at the Hill school.

Two Different Meetings
With Identical Ideals

PATRIOTIC women formed the larger portion of a meeting of citizens at the Lyric Theater Sunday afternoon, and demanded better conditions in Memphis.

Another meeting of both men and women, representing all classes, came together a few weeks ago for the same purpose. They formed the Citizens' League of Memphis. That meeting of Memphis citizens also expressed its determination that Memphis have clean, efficient government by nominating a non-partisan ticket for city offices, composed of able, representative men without pledges to anyone.

Various speakers Sunday afternoon suggested certain improvements. We would refer them to the platform of the Citizens' League. It contains everything for which they ask.

Particular attention is called to two paragraphs:

"We commend resolutions of Memphis Equal Suffrage League calling for law enforcement, policing of parks, protection of young girls, prevention of juvenile delinquency and other measures of public safety and morals. We favor a night Probation Officer for the Juvenile Court and employment of several capable women officers. There shall be a return to the Civil Service system. This program will insure an era of law enforcement."

"We favor every encouragement of public education and pledge ourselves to provide ample funds with which to support the schools, adequately equip and maintain sufficient school buildings and increase the pay of teaching force. THE SCHOOL BOARD SHALL BE FREE FROM INTERFERENCE BY THE CITY COMMISSION."

Rowlett Paine's nomination was seconded by a woman who has known him since boyhood. It was not only because she admired his personal character and proven ability, but because, long before citizens had demanded that he become a candidate for public office, she had heard him express his condemnation of misrule in Memphis and his determination to help wipe out the stain.

A third ticket in the field would divide a body of people thinking along the same lines of good government and law enforcement.

Women of Memphis, you are entering into politics with noble purposes and high ideals! In unity there is strength. The purposes and ideals of the Citizens' League candidates are identical with those expressed at the Lyric Theater Sunday.

The Citizens' League has already begun an active campaign to put those principles into practice and effect. We urge the women of Memphis to fight with the Citizens' League, and, with combined forces, make victory certain. THE ALLIES WON WITH A UNITED FRONT.

BIG MOLASSES VAT

"Long Sweetening" Will Be
Shipped From Memphis to
Central U. S. and Canada

Two carloads of steel for the 750,000-gallon black strap molasses storage tank to be erected by J. L. Neasey & Co.

Western distributors for the Sugar Products company of New York, have arrived and are being unloaded at the company's wharf site Tuesday.

O. N. Edgar, industrial engineer, of Fort Worth, Tex., will supervise the construction of the storage and distributing plant. Local construction companies have been asked to submit bids for the erection of the tank and other equipment, and it is hoped to have the plant ready for operation not later than Nov. 1.

The tank will be 65 feet in diameter and 85 feet high. Another tank of the same size will be erected at the same time. The plant will have a capacity for 1,500,000 gallons of molasses, which is to be imported direct to Memphis from the molasses mills in the West India is-

lands and South America in ocean-going steel tank ships. From the local plant the product will be distributed in tank cars to mixed feed manufacturers all over the central part of the United States and into Canada.

A double track switch will connect the plant with the railroad, so that eight cars may be loaded at one time. A steam pumping station will force the molasses through large feed pipes with a pressure capable of loading a car in 20 minutes.

The storage tanks will be provided with steam pipe coils so that the molasses may be kept at the same temperature and consistency at all times regardless of weather conditions. The Sugar Products company owns ships that will navigate the Mississippi river at all stages. When the wa-

ter is high some of its largest vessels will be used, but some of its vessels have a draft of only four feet, so that there will be no time of the year that the ships can not operate.

LOUISIANA'S RICE CROP
SHOW GOOD PROMISE

NEW ORLEANS, Sept. 2.—The condition of Louisiana rice Sept. 1, according to a report today by John S. Dennee, local field agent for the United States bureau of crop estimates, was 20 per cent of normal, or 5 per cent above the ten-year average. A probable production of 20,000,000 bushels was estimated.

BRODNAX
DIAMONDSLIBERAL SELLING PLAN—ONE-FIFTH
CASH, BALANCE TEN EQUAL PAYMENTS.

OUR mail order division offers unusual facilities to out-of-town diamond buyers. Brodnax's convenient methods are appreciated by satisfied patrons in every state in the Union, from Maine to California.

If you are in the market for a diamond, whether a modest solitaire or an elaborate platinum mounted piece, set with a number of stones, write us. State the approximate amount you desire to invest and the character of mountings preferred.

We will send, express prepaid, a liberal selection package for your examination and comparison with the offerings of other diamond merchants. Select the stone best suited to your requirements and return the remaining portion of our shipment at our expense. Remit us one-fifth cash and the balance can be arranged in ten monthly notes of equal amount.

The diamonds we send in these memorandum packages must sell themselves without the addition of outside influence or persuasive salesmanship.

All we ask in return for this courtesy, and as a means of identification, is the name of your bank or two or three well-rated merchants.
